

# Table of Contents

Foreword .....	VIII	10.3	Frequential laser therapy and body acupuncture. ....	32
Introduction to the basics .....	3	11.	Innovative laser medicine: wound treatment. ....	32
1. What is a laser beam? .....	3	12.	Innovative laser medicine of the future: stimulation of stem cells .....	34
2. How a laser beam is created? .....	3		<b>Stem cell treatment with the class 4 laser</b> Dr. med., Dr. TCM Christian Greiner .....	37
3. Laser types .....	4		<b>From the basics to practice</b> .....	45
4. Laser classes 3B and 4 .....	5	13.	Conclusion on laser therapy .....	45
4.1 Class 3B with low wattages and laser beam with on-off mode (explanation at frequency chapter) ....	5	14.	The choice of a laser device .....	45
4.2 Class 3B with high wattage and pulse output .....	5	14.1	Class 3B laser .....	46
4.3 Class 4 with high wattages and high energy radiation (Joules) .....	5	14.1.1	About the application of the laser beams. ....	46
5A Penetration depth: depending on wavelength and laser power .....	6	14.2	Class 3B pulsed laser (90W) .....	48
5B Low Level Laser Therapy (LLLT) and Mitochondrial Medicine Dr. med., Dr. Sc. Michael Weber .....	7	14.3	Class 4 laser device .....	48
From the basics to practice .....	13		<b>Appendix A – Praxis of modern Laser Acupuncture</b> ...	53
6. Why laser therapy for biological systems? ....	13		4-Allergies / 5-Dermatology / 6-Gastroerology / 7-Gynecology, Andrology / 8-Heart and Circulatory Disorders / 9-Musculoskeletal System / 10-Nervous System and Mental Disorders / 11-Otolaryngology / 12-Pain Therapy / 13-Theeth and Oral Cavity / 14-Urogenital System	
7. Laser therapy and optical resonance .....	13		<b>Appendix B – The dynamic pulse palpation, the Leriche-Nogier Reflex (RAC)</b> .....	115
8. The most important frequencies for laser coupling to biological systems. ....	17		<b>Literature references</b> <b>Literature for Mitochondrial Medicine</b> .....	9
9. Practical use of the frequencies in ear acupuncture .....	20		<b>Literature for the Chapter the Leriche-Nogier Reflex (RAC).</b> .....	131
9.1 Type and duration of laser therapy .....	20		<b>Literature in General.</b> .....	131
9.2 Indications, contraindications and dangers of laser therapy .....	20		<b>Literature for the Basic-Laser-Chapter.</b> .....	131
9.3 Practice of laser application in ear acupuncture - at first for diagnostics .....	23		<b>Merchants Certificate.</b> .....	132
9.4 Practice of laser application in ear acupuncture - the transition from diagnosis to therapy .....	30		<b>Index</b> .....	133
10. Practical application of frequencies .....	30			
10.1 Skull Acupuncture .....	30			
10.2 Frequential therapy as a stimulus therapy in general practice .....	30
