<b>1</b>	<b>Introduction</b>	<b>1</b>	<b>6.6</b>	<b>Hormonal Points</b>	<b>88</b>
1.1	Historical Overview	2	6.7	Analgesic and Medication-analogous Points	90
1.2	Effects of Auricular Acupuncture	3	6.8	Psycho-emotional Points	92
<b>2</b>	<b>Clinical Equipment and Practice Management</b>	<b>9</b>	6.9	Vegetative and Sympathetic Groove	95
2.1	Tips for Everyday Clinical Work	10	6.10	Extra Points	98
2.2	Tools for Point Location	12	6.11	Points on the Posterior Ear	100
2.3	Examination Hammers	13	6.12	Point Axes	103
2.4	Other Tools	15	6.13	New Point Locations on the Ear	110
2.5	Needles	17	<b>7</b>	<b>The Treatment of Pain with Auricular Acupuncture</b>	<b>123</b>
<b>3</b>	<b>Methods and Techniques</b>	<b>21</b>	7.1	Acute Musculoskeletal Pain	124
3.1	Point Location	22	7.2	Chronic Musculoskeletal Pain	154
3.2	Needling	27	7.3	Headaches	166
<b>4</b>	<b>Auricular Laser Treatments</b>	<b>31</b>	7.4	Migraines	173
4.1	Introduction	32	7.5	Neuralgias	182
4.2	Clinical Practice	35	<b>8</b>	<b>Further Indications</b>	<b>185</b>
4.3	Technical Variations	38	8.1	Cardiovascular Disorders	186
<b>5</b>	<b>Diagnostic and Therapeutic Principles</b>	<b>45</b>	8.2	Respiratory Disorders	198
5.1	Medical History	46	8.3	Gastrointestinal Disorders	210
5.2	Physical Examination	47	8.4	Urogenital Disorders	234
5.3	Patient Position	48	8.5	Skin Disorders	248
5.4	Which Side to Treat	48	8.6	Allergic Diseases	254
5.5	Point Variations	49	8.7	Eye Disorders	260
5.6	Time Considerations	54	8.8	Addictions	264
5.7	Interference Fields	56	8.9	Metabolic Disorders	272
5.8	Imbalances between the Cerebral Hemispheres	61	8.10	Obstetrics and Gynaecology	280
5.9	Further Obstacles to Treatment	62	8.11	Neurological Disorders	294
5.10	Emergencies	65	8.12	Neurovegetative Disorders	302
<b>6</b>	<b>Point Locations</b>	<b>67</b>	8.13	Psychological Disorders	316
6.1	Spine	68	8.14	Anxiety Disorders	326
6.2	Musculoskeletal System	71	8.15	Paediatric Disorders	332
6.3	Skull	76	<b>9</b>	<b>Practice of Auricular Acupuncture by Different Schools</b>	<b>339</b>
6.4	Inner Organs	80	9.1	Differences	340
6.5	Urogenital System	86	9.2	Concurrences	342
			9.3	Individual Specialties of various Schools	344

<b>10</b>	<b>Case Studies</b>	<b>349</b>	<b>11</b>	<b>Current Research Studies</b>	<b>397</b>
10.1	Paediatric Migraine	350	<b>12</b>	<b>Appendix</b>	<b>403</b>
10.2	Atopic Dermatitis in a New Born Baby	352	12.1	Anatomical Structures on the Ear and Innervation	404
10.3	Macular Degeneration	354	12.2	The Body Represented on the Ear	405
10.4	Brain Tumours	356	12.3	The Organs Represented on the Ear	406
10.5	Epilepsy	368	12.4	Locating the Points on the Ear	407
10.6	Chronic Polyarthritis	370	12.5	French Auricular Points	408
10.7	Frozen Shoulder (Periarthritis humeroscapularis)	373	12.6	Chinese Auricular Points	409
10.8	Lower Back Pain (Lumbago)	375	12.7	Index	412
10.9	Infertility	377	12.8	Auricular Points in Alphabetical Order	417
10.10	Parkinson's Disease	380	12.9	Chinese Auricular Points	421
10.11	Optic Neuritis	382	12.10	New Auricular Points	423
10.12	Psoriasis	384			
10.13	Collagenosis (e.g. Lupus erythematoses)	387			
10.14	Prolapsed Disc with Lower Back Pain	389			
10.15	Alopecia areata	391			
10.16	Congenital Adrenal Hyperplasia (CAH)	393
